TRENDS IN BUSINESS UNIFORMING

THE INFLUENCE OF MILLENNIALS

in the workforce has shifted office dress codes, transforming what it means to wear a "uniform." Companies are giving more style choices to employees and allowing more individuality while maintaining a unified look through logos and color palettes.

MIX IT UP

Pair patterns, solid colors and textured fabrics to add a unique twist.

HAND-CRAFTED STYLES

Patterned socks, tattoos, hair color and facial hair give employees the chance to show their individuality while maintaining the team's cohesive look.

LAYERED SOPHISTICATION

Athleisure fabrics with structured styles add fashion and comfort to officewear.

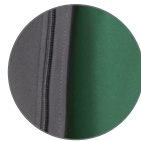

LADIES-ONLY

Feminine details and flattering silhouettes give more want-to-wear options.

FOR WORK & PLAY

Styles easily transition from the office to after-hours.

EASY CARE FABRIC

Wear it on-the-go, stay wrinkle-free and clean up in a snap.
